All about the promoting

of reading the Fabulous Lemon Drops successfully combine entertaining children with an important message.

The message?

That reading is fun and

can take you on an amazing adventure.

Dez and Vanessa captivated their audience with song and reading at the St George Library before engaging in some

craft with the children.

The children were taught to make animals that had been featured in the books that had just been read to them.

Caterpillars and

butterflies came alive to the lovely melody of the Fabulous Lemon Drops.

It turned out to be a wonderful morning for the youngsters, and one they are now reading about.
